

# JOKER INU

WhitePaper

# Introduction

The digital world is governed by meme projects which attract enthusiasts to work in this realm and we are no exception. However, to make it interesting, we have come up with the most apt and comical character that is “The Joker” by joining it with INU verse, hence we present to you the ‘JOKER-INU’. The joker represents memes in every situation, with a wide smile and the famous tagline :

## WHY SO SERIOUS?

This project aims at making the crypto world simple, entertaining, productive as well as revolutionize the world of finance by facilitating people earn digitally. Our highly committed team intends to offer solutions for the present and upcoming blockchain complexities by presenting innovative and interesting methods for the next generation.

## About the team:

A team of professionals and talented individuals working together as a dynamic group to ensure our investors are in safe hands, always going above and beyond for the community.

we have been working on this project months in advance so that we are able to provide to you the community members with actual results and so that we are able to roll out our utilities accordingly. Jokerlnu is built for different purposes and a variety of unique utilities to build a strong and active community.

## How are we different?

With our unique decentralized Raffle we ensure one of the highest and most enjoyable passive income opportunities. We are transparent about every development and financial process, and take the community feedback to always improve accordingly. Our project starts off as a fun way to earn but you will see updates weekly on the development process of our entire ecosystem where our community will get to help us design and propose suggestions that we will execute along the way. Our experience and ideas help make us stand out from the rest of the market. Our goal is to make you the investor Enjoy, Earn, and Grow.

# Our utilities

## Raffle:

Joker INU is featuring a unique no loss Raffle System, 2% Tax on the contract directly goes into our Decentralized raffle wallet. The raffle draw is every 7 days offering 50% of the wallet to 3 lucky winners.

Once the draw for the winning tickets is over. The winning tickets will appear on our secure web3 Raffle page. The money will automatically be sent to the winners wallet in ETH. There is no loss mechanism you always keep whatever you have. The only way you would lose your tickets is by selling your tokens or your NFT.

# How to participate:

## **Tokens :**

Depending on how many tokens you buy you will go into 4 different ranks, SILVER, GOLD, PLATINUM, DIAMOND each rank will determine how many tickets you will earn.

## **NFT :**

Each of our NFTs will earn you tickets that can be added along to the tickets earned from tokens.

It is possible to enter the raffle while only holding an NFT

## **Joker Club Membership:**

doubles your number of tickets, but cannot be used alone to participate.

# NFT Collection

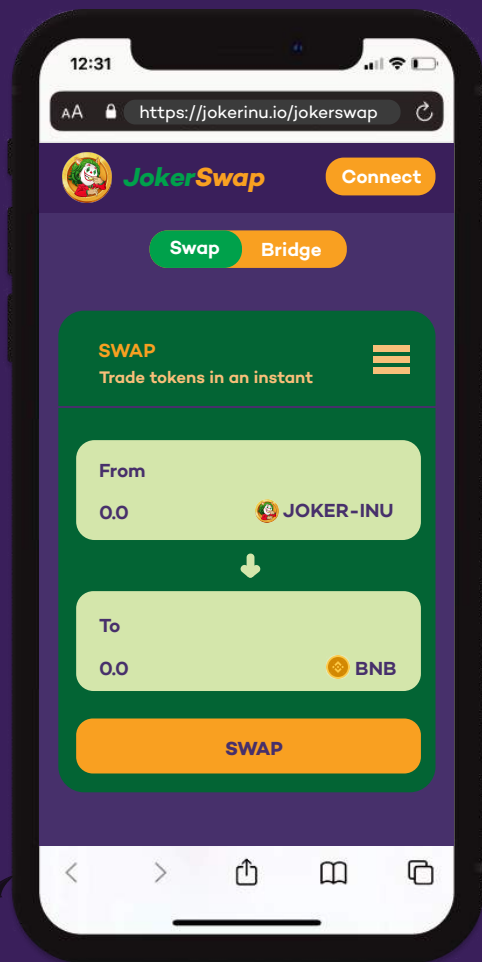

Joker will offer a set of 5500 unique joker henchmen NFTs, each offering utilities, increased raffle tickets, merchandise, mystery utilities, and more.

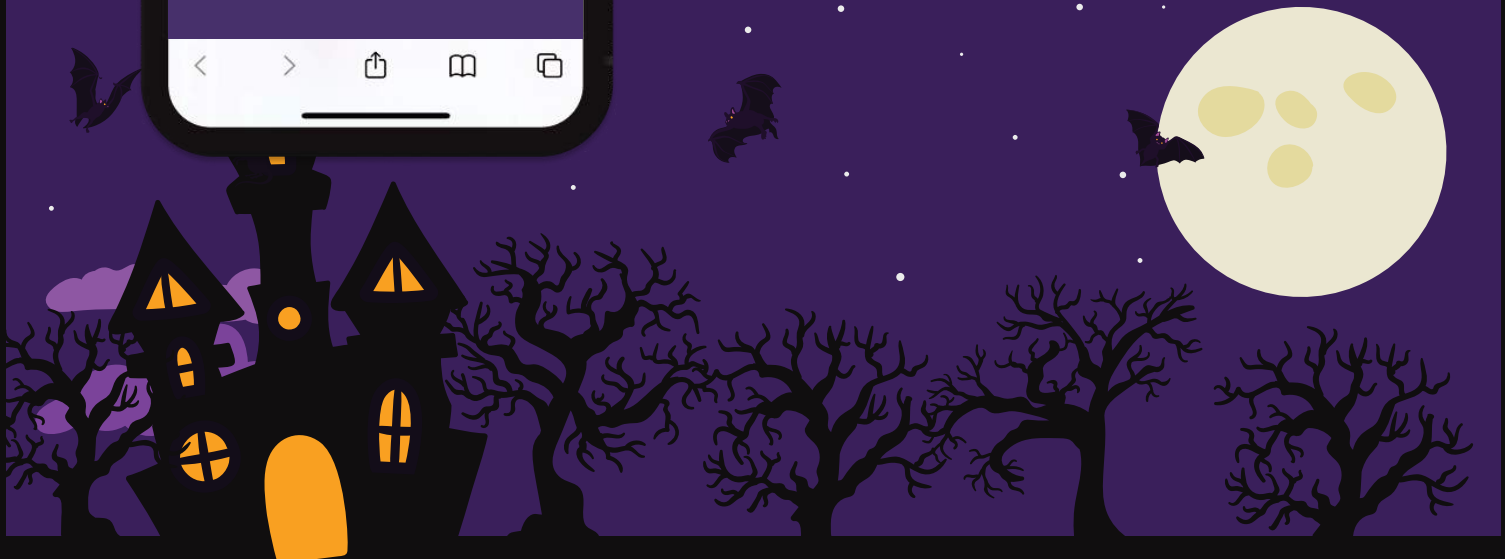

# Joker Club Membership

Joker Memberships will allow you to double the number of tickets increasing your chance to win, Discounts for Joker swap, and other exclusive utilities.

## JokerSwap

Jokerswap is the only swap where you can buy your favorite cryptocurrencies while also giving to non-profit charities with no extra cost. 50% of micro transactions will always be used for charity often live streamed.

## Our Vision

We see the crypto world as the future and we want to make it as enjoyable, beneficial, and help the movement to revolutionise the whole world finance. We will start off with the enjoyment of making the community earn but in the process of developing one of the best ecosystems in the crypto space featuring a raffle, Jokerswap, And NFTS with unique mystery utilities, Our highly committed and determined team aims to provide solutions for the current and upcoming blockchain complexities to help come up with a revolutionary way for the next generation of blockchains while making the process as fun as possible

## Marketing

In joker inu, one of our top priorities is to not only to always get new investors and the best exposure but to strategically get the right kind of exposure and investors (Diamond hands) and

# Tokennomics breakdown
